Thoroughness in troubleshooting and debugging

Customer Service:

Understanding of customer support principles

Ability to assist end-users and provide prompt issue resolution

EXPERIENCE

I.C.T Intern

fiberHome Solutions Limited

January 2023 - April 2023

- Successfully designed and developed the FiberHome mobile application as a Software Developer.
- Ensured network stability and peak performance through daily network management operations, including effective Router configuration.

- Provided exemplary technical support to both staff and clients in the Network Operations Center.
- Maintained and updated various critical software, such as Billing, Ticketing, and Booking applications, contributing to the organization's seamless operations.
- Demonstrated efficient leadership by delegating daily duties to the technical team using integrated management software, optimizing team productivity across different locations.
- Proactively analyzed market trends, identifying and researching new products and services that aligned with organizational preferences.
- Played a key role in the marketing efforts by creating impactful brochures to advertise the company's products, facilitating engagement with prospective clients.

Intern

TECH FITI LIMITED

May 2020 – August 2020

- Demonstrated proficiency in network management and troubleshooting.
- Offered valuable recommendations and options on various products to clients, enhancing their decision-making process.
- Conducted periodic price audits to identify and resolve discrepancies, ensuring accurate pricing for products and services.
- Successfully addressed customer inquiries and complaints, providing prompt and effective resolutions to enhance customer satisfaction.
- Efficiently managed the receiving, unpacking, and arrangement of new shipments from suppliers, contributing to streamlined logistics operations.
